**Seaview Orthopaedic & Medical Associates** is proud to be providing the highest quality of care for patients in Monmouth, Ocean, and Middlesex counties for over 40 years. With offices located in Barnegat, Brick, Freehold, Holmdel, Monroe and Ocean, this premier multi-specialty practice brings to New Jersey the same expert care found at urban medical centers in New York City and Philadelphia. "Our physicians are exceptional in their respective fields, providing patient centered and evidence-based medicine to their patients," says Dr. Arthur Vasen, senior partner and managing director. The practice provides a full spectrum of care, surgical and non-surgical, including minimally invasive options and regenerative medicine, in every orthopedic discipline for patients of any age. Our physicians have graduated from some of the finest educational institutions in the country, including

Johns Hopkins, Harvard, and Columbia medical schools, many of these doctors are fellowship trained in their areas of expertise.

Physical therapy, occupational therapy, hand therapy, and acupuncture are available on-site at each location, where the doctors work together with the medical team to develop and deliver a collaborative approach for optimal healing. In addition to offering comprehensive services, it is a genuinely compassionate approach to care that sets this group apart. "We go the extra mile to make sure all of our patients' needs are met," says Dr. Vasen. "We are the gestalt of orthopedic care, looking at each patient as a whole—mind, body, and spirit. We develop individualized treatment plans and spend time helping patients understand their condition and the recommended path to healing." He encourages patients who are at any of the practice's affiliated hospitals to
